(57) **CLAIM**

The ornamental design for a hose connector as shown and described.

DESCRIPTION

FIG. **1** is a front, top, right-side perspective view of a hose connector, showing my new design;
FIG. **2** is a side elevation view thereof;
FIG. **3** is a front view thereof;
FIG. **4** is a rear view thereof;
FIG. **5** is a side elevation view of the hose connector in FIG. **1** in a first configuration of use;
FIG. **6** is an exploded view of the hose connector shown in FIG. **5**;
FIG. **7** is a cross section view taken along line **7-7** in FIG. **6**; and,
FIG. **8** is a perspective view of the hose connector in FIG. **1** in a second configuration of use.

The broken lines shown depict portions of the hose connector that form no part of the claim.

The additional broken lines interfacing with the hose connector depict environmental subject matter and form no part of the claimed design.

The hose connector is shown with a brake in its length, the appearance of any portion of the article between the break lines forms no part of the claimed design.

1 Claim, 8 Drawing Sheets
