(57) **CLAIM**

The ornamental design for a double wing picture frame as shown and described.

DESCRIPTION

FIG. 1 is a front view of the double wing picture frame, showing the first embodiment of my new design;

FIG. 2 is a front view showing a picture inserted into the frame of the first embodiment of my new design;
FIG. 3 is a left, rear, top perspective view of FIG. 1;
FIG. 4 is a top, front, perspective view of FIG. 2;
FIG. 5 is a front view of the left wing of the double wing picture frame, the right wing being a mirror image, shown separately for ease of illustration;
FIG. 6 is a rear view of the left wing, shown separately for ease of illustration;
FIG. 7 is a left, front, top, perspective view of the left wing, shown separately for ease of illustration;
FIG. 8 is a rear view of the double wing picture frame, showing the second embodiment of my new design;
FIG. 9 is a front view the left wing, of the second embodiment, the right wing being a mirror image, shown separately for ease of illustration;
FIG. 10 is a rear view of the left wing, of the second embodiment, shown separately for ease of illustration;
FIG. 11 is a left, front, top, perspective view of the left wing, of the second embodiment, shown separately for ease of illustration;
FIG. 12 is a front view of the double wing picture frame, showing the third embodiment of my new design;
FIG. 13 is a front view of the left wing, of the third embodiment, the right wing being a mirror image, shown separately for ease of illustration;
FIG. 14 is a rear view of the left wing, of the third embodiment, shown separately for ease of illustration;
FIG. 15 is a front perspective view of the left wing, of the third embodiment, shown separately for ease of illustration;
FIG. 16 is a top view of the left wing, of the first, second, and third embodiments, shown separately for ease of illustration;
FIG. 17 is a bottom view of the left wing, of the first, second, and third embodiments, shown separately for ease of illustration;
FIG. 18 is a right side view of the left wing, of the first, second, and third embodiments, shown separately for ease of illustration; and,
FIG. 19 is a left side view of the left wing, of the first, second, and third embodiments, shown separately for ease of illustration.

The broken lines shown as a horizontal rod, holes, and a slotted feature depict portions of the double wing picture
(Continued)

frame that form no part of the claimed design. The broken lines showing a picture in FIGS. 2, 4, and 8, illustrate environmental structure that form no part of the claimed design.

1 Claim, 18 Drawing Sheets
