The ornamental design for a space capsule as shown and
described.

DESCRIPTION

FIG. 1 is a perspective view of a space capsule.
FIG. 2 is top-down view of the space capsule.
FIG. 3 is a bottom-up view of the space capsule.
FIG. 4 illustrates a first side of the space capsule.
FIG. 5 a second side of the space capsule in which the space
capsule is shown rotated on a central axis 180 degrees
relative to the first side view shown in FIG. 4.
FIG. 6 illustrates a third side view of the space capsule in
which the space capsule is shown rotated on the central axis
90 degrees counter-clockwise relative to the first side view
shown in FIG. 4; and,
FIG. 7 illustrates a fourth side of the space capsule in which
the space capsule is shown rotated on the central axis 90
degrees clockwise relative to the first side view shown in
FIG. 4.

The broken lines shown in the drawings depict portions of
the space capsule that form no part of the claimed design.
