CLAIM

The ornamental design for a portable electric cutter body as shown and described.

DESCRIPTION

FIG. 1 is a front, right and top perspective view of a portable electric cutter body showing our new design; FIG. 2 is a rear, left and bottom perspective view thereof; FIG. 3 is a front elevational view thereof; FIG. 4 is a rear elevational view thereof; FIG. 5 is a top plan view thereof; FIG. 6 is a bottom plan view thereof; FIG. 7 is a left side elevational view thereof; FIG. 8 is a right side elevational view thereof; and, FIG. 9 is a rear, left and top perspective view of the portable electric cutter body in accordance with our new design illustrating a state in which an environmental structure (a battery) is attached to the portable electric cutter body. The broken lines in the drawings illustrate the environmental structure or portions of the portable electric cutter body which form no part of the claimed design.
