(57) **CLAIM**

The ornamental design for a cork holding device, as shown and described.

DESCRIPTION

FIG. 1 is a left side perspective view of the cork holding device in accordance with the present design;

FIG. 2 is a left side elevational view of the cork holding device of FIG. 1;

FIG. 3 is a top elevational view of the cork holding device of FIG. 1;

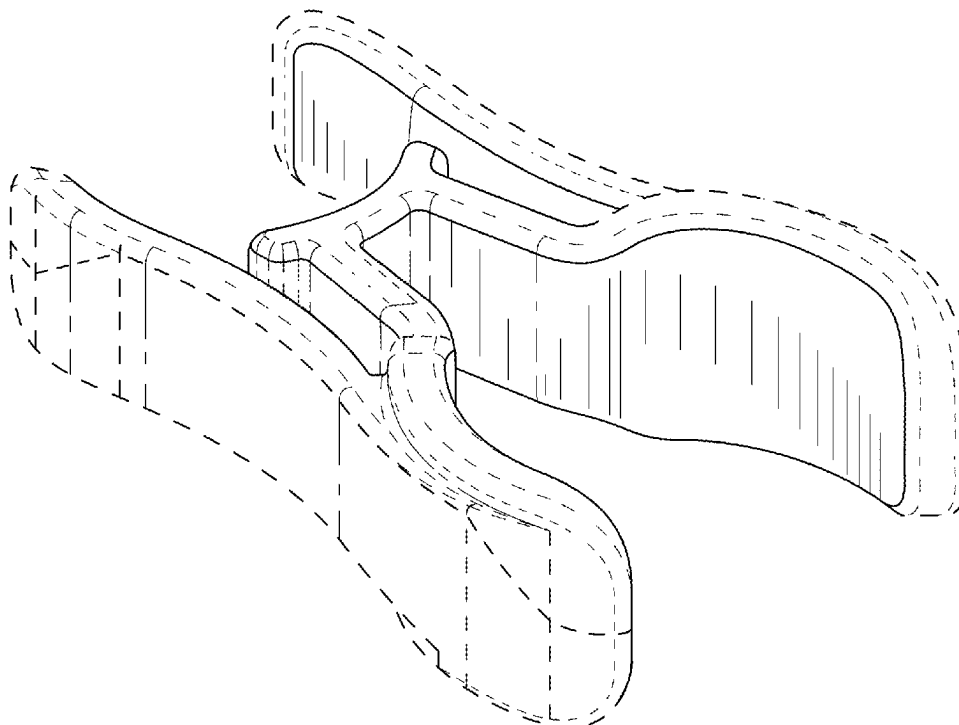

FIG. 4 is a rear elevational view of the cork holding device of FIG. 1; and,

FIG. 5 is a front elevational view of the cork holding device of FIG. 1.

The right side elevational view is not shown because it is symmetric to the left side elevational view, and the bottom elevational view is not shown because it is symmetric to the top elevational view.

The broken lines depict portions of the cork holding device and form no part of the claimed design.
