(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface as shown and described.

**DESCRIPTION**

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing the claimed design; and,

FIG. 2 is another embodiment thereof.

The broken lines in the figures show a display screen or portion thereof, and form no part of the claimed design.
