Description

(1) 1. Display screen or portion thereof with transitional graphical user interface

(2) **1.1** : Front

(3) **1.2** : Front

(4) The appearance of the transitional graphical user interface sequentially transitions between the images shown in figs. **1.1-1.2**; the process or period in which one image transitions to another image forms no part of the claimed design; for all figures, the broken lines showing a display screen or portion thereof with transitional graphical user interface form no part of the claimed design.

Claims

The ornamental design for a display screen or portion thereof with transitional graphical user interface as shown and described.
