### Description

- (1) FIG. 1 is a perspective view of the structural light fixture for a clean room ceiling from above. The broken line circle, lead line and the reference number '9' are not part of the ornamental design and instead indicate the portion of the structural light fixture for a clean room ceiling shown by the detail perspective view of FIG. 9;
- (2) FIG. 2 is a perspective view of the structural light fixture for a clean room ceiling from below. The broken line circle, lead line and the reference number '10' are not part of the ornamental design and instead indicate the portion of the structural light fixture for a clean room ceiling shown by the detail perspective view of FIG. 10;
- (3) FIG. 3 is a front side elevation view of the structural light fixture for a clean room ceiling;
- (4) FIG. 4 is a back side elevation view of the structural light fixture for a clean room ceiling;
- (5) FIG. 5 is a right side elevation view of the structural light fixture for a clean room ceiling;
- (6) FIG. 6 is a left side elevation view of the structural light fixture for a clean room ceiling;
- (7) FIG. 7 is a top view of the structural light fixture for a clean room ceiling;
- (8) FIG. 8 is a bottom view of the structural light fixture for a clean room ceiling;
- (9) FIG. 9 is a detail perspective view from above as indicated by the broken line circle labelled '9' on FIG. 1; and,
- (10) FIG. 10 is a detailed perspective view from below as indicated by the broken line circle labelled '10' on FIG. 2.
- (11) The ornamental design that is claimed is shown in solid lines in the drawings. The broken lines, lead lines and reference numbers form no part of the claimed design.

## Claims

The ornamental design for a structural light fixture for a clean room ceiling, as shown and described.
