USPC: D14/485-495

Description

- (1) FIG. 1 shows a display panel or portion thereof with a graphical user interface for a magnetic resonance apparatus according a first embodiment of the claimed design.
- (2) FIG. 2 shows a display panel or portion thereof with a graphical user interface for a magnetic resonance apparatus according to a second embodiment of the claimed design.
- (3) FIG. 3 shows a display panel or portion thereof with a graphical user interface for a magnetic resonance apparatus according a second third embodiment of the claimed design.
- (4) FIG. 4 is a detail view of FIG. 2, shown enlarged for clarity of viewing; and,
- (5) FIG. 5 is a detail view of FIG. 3, shown enlarged for clarity of viewing.
- (6) The dash-dash broken lines in the drawings illustrate portions of the display panel that form no part of the claimed design.
- (7) The dash-dot broken lines in FIGS. 2-5 of the drawings illustrate boundaries of the detail views that form no part of the claimed design.

Claims

The ornamental design for a display panel or portion thereof with a graphical user interface for a magnetic resonance apparatus, as shown and described.
