Description

- (1) FIG. 1 is a top right, front perspective view of a set of electrical contact pads according to our new design.
- (2) FIG. 2 is a top left, rear perspective view of the set of electrical contact pads of FIG. 1.
- (3) FIG. 3 is a bottom right, front perspective view of the set of electrical contact pads of FIG. 1.
- (4) FIG. 4 is a bottom left, rear perspective view of the set of electrical contact pads of FIG. 1.
- (5) FIG. 5 is a front view of the set of electrical contact pads of FIG. 1.
- (6) FIG. 6 is a rear view of the set of electrical contact pads of FIG. 1.
- (7) FIG. 7 is a first side view of the set of electrical contact pads of FIG. 1.
- (8) FIG. 8 is a second side view of the set of electrical contact pads of FIG. 1.
- (9) FIG. 9 is a top view of the set of electrical contact pads of FIG. 1.
- (10) FIG. 10 is a bottom view of the set of electrical contact pads of FIG. 1.
- (11) FIG. 11 is a top right, front perspective view of an set of electrical contact pads according to another new design. The set of electrical contact pads of FIG. 11 is symmetrical such that the top left, front perspective view will be a mirror image of the top right, front perspective view.
- (12) FIG. 12 is a top left, rear perspective view of the set of electrical contact pads of FIG. 11. The set of electrical contact pads of FIG. 11 is symmetrical such that the top right, rear perspective view will be a mirror image of the top left, rear perspective view.
- (13) FIG. 13 is a bottom right, front perspective view of the set of electrical contact pads of FIG. 11. The set of electrical contact pads of FIG. 11 is symmetrical such that the bottom left, front perspective view will be a mirror image of the bottom right, front perspective view.
- (14) FIG. 14 is a bottom left, rear perspective view of the set of electrical contact pads of FIG. 11. The set of electrical contact pads of FIG. 11 is symmetrical such that the bottom right, rear perspective view will be a mirror image of the bottom left, rear perspective view.
- (15) FIG. 15 is a front view of the set of electrical contact pads of FIG. 11.
- (16) FIG. 16 is a rear view of the set of electrical contact pads of FIG. 11.
- (17) FIG. 17 is a first side view of the set of electrical contact pads of FIG. 11.
- (18) FIG. 18 is a second side view of the set of electrical contact pads of FIG. 11.
- (19) FIG. 19 is a top view of the set of electrical contact pads of FIG. 11; and,
- (20) FIG. 20 is a bottom view of the set of electrical contact pads of FIG. 11.

Claims

The ornamental design for set of electrical contact pads as shown and described.
