(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing our new design, according to a first embodiment;
FIG. 2 is a front view of a display screen or portion thereof with graphical user interface showing our new design, according to a second embodiment; and,
FIG. 3 is a front view of a display screen or portion thereof with graphical user interface showing our new design, according to a third embodiment.

The even-dash broken lines illustrating portions of the display screen or portion thereof with graphical user interface form no part of the claimed design.

1 Claim, 3 Drawing Sheets
