CLAIM

The ornamental design for a display screen with graphical user interface as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface according to the design.

The outermost broken line rectangle illustrates the display screen. The remaining broken lines, including all text shown, illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design.

1 Claim, 1 Drawing Sheet

See application file for complete search history.
