(57) **CLAIM**

The ornamental design for a medication dispensing container as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a first exemplary embodiment of a medication dispensing container, showing our new design;

FIG. 2 is a top view of the first exemplary embodiment of the medication dispensing container;

FIG. 3 is a bottom view of the first exemplary embodiment of the medication dispensing container;

FIG. 4 is a front side view of the first exemplary embodiment of the medication dispensing container and showing a gate of the medication dispensing container in a closed position;

FIG. 5 is another front side view of the first exemplary embodiment of the medication dispensing container and showing the gate of the medication dispensing container in an open position;

FIG. 6 is rear side view of the first exemplary embodiment of the medication dispensing container;

FIG. 7 is a right side view of the first exemplary embodiment of the medication dispensing container;

FIG. 8 is a left side view of the first exemplary embodiment of the medication dispensing container; and

FIG. 9 is a front perspective view of a second exemplary embodiment of a medication dispensing container, showing our new design;

FIG. 10 is a top view of the second exemplary embodiment of the medication dispensing container;

FIG. 11 is a bottom view of the second exemplary embodiment of the medication dispensing container;

(Continued)

FIG. 12 is a front side view of the second exemplary embodiment of the medication dispensing container and showing a gate of the medication dispensing container in a closed position;

FIG. 13 is a front side view of the second exemplary embodiment of the medication dispensing container and showing a gate of the medication dispensing container in an open position;

FIG. 14 is rear side view of the second exemplary embodiment of the medication dispensing container;

FIG. 15 is a left side view of the second exemplary embodiment of the medication dispensing container; and,

FIG. 16 is a right side view of the second exemplary embodiment of the medication dispensing container.

The broken lines depict portions of the medication dispensing container that form no part of the claimed design.
