(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawing(s)/photograph(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a first embodiment of a display screen or portion thereof with graphical user interface showing the claimed design; and,

FIG. 2 is a front view of a second embodiment of a display screen or portion thereof with graphical user interface showing the claimed design.

The outermost dash-dash broken lines illustrate portions of a display screen that form no part of the claimed design. The remaining dash-dash broken lines illustrate portions of the graphical user interface that form no part of the claimed design.

FIG. 1 is illustrated with white and gray shading to show contrasting appearance; no particular color is claimed.

1 Claim, 2 Drawing Sheets
