### Description

(1) FIG. 1 is a front view showing a display screen with animated graphical user interface showing a first image in the sequence thereof;

(2) FIG. 2 is a second image in the sequence of the display screen with animated graphical user interface;

(3) FIG. 3 is a third image in the sequence of the display screen with animated graphical user interface;

(4) FIG. 4 is a fourth image in the sequence of the display screen with animated graphical user interface;

(5) FIG. 5 is a fifth image in the sequence of the display screen with animated graphical user

interface;

(6) FIG. 6 is a sixth image in the sequence of the display screen with animated graphical user interface;

(7) FIG. 7 is a seventh image in the sequence of the display screen with animated graphical user interface;

(8) FIG. 8 is an eighth image in the sequence of the display screen with animated graphical user interface;

(9) FIG. 9 is a ninth image in the sequence of the display screen with animated graphical user interface;

(10) FIG. 10 is a tenth image in the sequence of the display screen with animated graphical user interface;

(11) FIG. 11 is an eleventh image in the sequence of the display screen with animated graphical user interface;

(12) FIG. 12 is a twelfth image in the sequence of the display screen with animated graphical user interface;

(13) FIG. 13 is a thirteenth image in the sequence of the display screen with animated graphical user interface;

(14) FIG. 14 is a fourteenth image in the sequence of the display screen with animated graphical user interface;

(15) FIG. 15 is a fifteenth image in the sequence of the display screen with animated graphical user interface;

(16) FIG. 16 is a sixteenth image in the sequence of the display screen with animated graphical user interface;

(17) FIG. 17 is a seventeenth image in the sequence of the display screen with animated graphical user interface;

(18) FIG. 18 is an eighteenth image in the sequence of the display screen with animated graphical user interface; and,

(19) FIG. 19 is a nineteenth image in the sequence of the display screen with animated graphical user interface.

(20) The outermost broken line perimeter illustrates a display screen and forms no part of the claimed design. The remaining broken lines illustrate portions of a graphical user interface which form no part of the claimed design.

(21) The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-19. The process or period in which one image transitions to another image forms no part of the claimed design.

## Claims

The ornamental design for a display screen with animated graphical user interface, as shown and described.
