(57) **CLAIM**

The ornamental design for a handle structure for a portable power station, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view of a handle structure for a portable power station showing our new design;
FIG. **2** is a perspective view of a handle structure for a portable power station showing our new design;
FIG. **3** is a front elevational view of the handle structure for a portable power station seen in FIG. **1**;
FIG. **4** is a rear elevational view of the handle structure for a portable power station seen in FIG. **1**;
FIG. **5** is a right side elevational view of the handle structure for a portable power station seen in FIG. **1**;
FIG. **6** is a left side elevational view of the handle structure for a portable power station seen in FIG. **1**;
FIG. **7** is a top plan view of the handle structure for a portable power station seen in FIG. **1**; and,
FIG. **8** is a bottom plan view of the handle structure for a portable power station seen in FIG. **1**.
In the drawings, the broken lines depict portions of the handle structure for a portable power station that form no part of the claimed design.
