Description

(1) The sole FIGURE is a front view of a display screen with graphical user interface, showing the new design.
(2) The outermost broken lines showing an electronic device illustrate environmental subject matter and form no part of the claimed design. The dot-dash broken lines showing the display screen and the remaining broken lines within the dot-dash broken lines showing elements of the graphical user interface illustrate portions of the article and form no part of the claimed design. The shading depicts contrast in appearance and is part of the claimed design.

Claims

The ornamental design for a display screen with graphical user interface, as shown and described.
