Description

(1) FIG. 1 is a front, right side, perspective view of an electrical receptacle housing sized for three units;

(2) FIG. 2 is a front elevation view of the electrical receptacle housing sized for the three units;

(3) FIG. 3 is a rear elevation view of the electrical receptacle housing sized for the three units;

(4) FIG. 4 is a front, right side, perspective view of an electrical receptacle housing sized for four units;

(5) FIG. 5 is a front elevation view of the electrical receptacle housing sized for the four units;

- (6) FIG. 6 is a rear elevation view of the electrical receptacle housing sized for the four units;
- (7) FIG. 7 is a top plan view of the electrical receptacle housing sized for the three units;
- (8) FIG. 8 is a bottom plan view of the electrical receptacle housing sized for the three units;
- (9) FIG. 9 is a right side elevational view of the electrical receptacle housing sized for the three units, the left side elevational view is a mirror image;
- (10) FIG. 10 is a top plan view of the electrical receptacle housing sized for the four units;
- (11) FIG. 11 is a bottom plan view of the electrical receptacle housing sized for the four units;
- (12) FIG. 12 is a right side elevational view of the electrical receptacle housing sized for the four units, the left side elevational view is a mirror image;
- (13) FIG. 13 is a perspective view of the electrical receptacle housing of FIG. 1 shown in an example operating environment;
- (14) FIG. 14 is a front elevation view of the electrical receptacle housing of FIG. 1 shown in the example operating environment;
- (15) FIG. 15 is a perspective view of the electrical receptacle housing of FIG. 4 shown in an example operating environment; and,
- (16) FIG. 16 is a front elevation view of the electrical receptacle housing of FIG. 4 shown in the example operating environment.
- (17) In the drawings, the broken lines are for the purpose of illustrating portions of the electrical receptacle housing that form no part of the claimed design. In FIGS. 13 through 16 the broken lines show portions of the article and environment not a part of the claimed design.

Claims

The ornamental design for an electrical receptacle housing, as shown and described.
