(57) **CLAIM**

The ornamental design for a display screen or portion thereof with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is the first image in a sequence for a display screen or portion thereof with transitional graphical user interface showing our new design;

FIG. 2 is the second image thereof; and,

FIG. 3 is the third image thereof.

The outermost broken lines in the figures illustrate a display screen or portion thereof that forms no part of the claimed design. The remaining broken lines depict portions of the graphical user interface that form no part of the claimed design.
