Description

(1) FIG. 1 is a perspective view of a display screen with graphical user interface; and
(2) FIG. 2 is a front view thereof.
(3) The broken lines showing of an electronic device in FIG. 1 and the outermost rectangular broken line in FIG. 2 depicting a border of the electronic device form no part of the claimed design. The remaining broken lines illustrate content (i.e., the characters 'X') and portions of the graphical

user interface that form no part of the claimed design. The solid line rectangle illustrates the display screen and forms part of the claimed design.

Claims

The ornamental design for display screen with graphical user interface as shown and described.
