(57) CLAIM

The ornamental design for a display screen or portion thereof with graphical user interface as shown and described.

### DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing a first image in a sequence of the graphical user interface according to the claimed design.

FIG. 2 is a front view of the display screen or portion thereof with graphical user interface of FIG. 1 showing a second image in the sequence of the graphical user interface.

FIG. 3 is a front view of the display screen or portion thereof with graphical user interface of FIG. 1 showing a third image in the sequence of the graphical user interface.

FIG. 4 is a front view of the display screen or portion thereof with graphical user interface of FIG. 1 showing a fourth image in the sequence of the graphical user interface; and, FIG. 5 is a front view of the display screen or portion thereof with graphical user interface of FIG. 1 showing a fifth image in the sequence of the graphical user interface.

The outermost broken lines in the drawings illustrate a display screen or portion thereof and form no part of the claimed design. The other broken lines in the drawings illustrate portions of the graphical user interface that form no part of the claimed design.

The appearance of the graphical user interface sequentially transitions between the images shown in FIGS. 1-5. The process or period in which one image transitions to another image forms no part of the claimed design.
