Description

- (1) FIG. 1 is a front view of a display screen or portion thereof with animated graphical user interface showing the claimed design; and,
- (2) FIG. 2 is a second image thereof.
- (3) The peripheral dashed broken lines illustrate a display or portion thereof, and form no part of the claimed design.
- (4) The broken lines within the peripheral dashed broken lines illustrate portions of the graphical user interface which form no part of the claimed design.
- (5) The appearance of the graphical user interface transitions sequentially between the images shown in FIGS. 1-2. The process or period in which one image transitions to another forms no part of the claimed design.

Claims

The ornamental design for a display screen or portion thereof with animated graphical user interface as shown and described.
