Description

- (1) FIG. 1 is a front view of a display panel portion with an animated graphical user interface, showing a first image in a sequence;
- (2) FIG. 2 is a second image thereof;
- (3) FIG. 3 is a third image thereof; and,
- (4) FIG. 4 is a fourth image thereof.
- (5) The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. 1-4. The process or the period in which one image transitions to another image forms no part of the claimed design.
- (6) The broken lines showing a portion of a display panel and portions of the animated graphical user interface in FIGS. 1-4 form no part of the claimed design.

Claims

The ornamental design for a display panel portion with an animated graphical user interface, substantially as shown and described.
