See application file for complete search history.

FIG. 1 is a perspective view of a jewelry article showing my new design in an expanded configuration;

FIG. 2 is a front elevational view thereof in a contracted configuration;

FIG. 3 is a rear elevational view thereof in the contracted configuration;

FIG. 4 is a right elevational view thereof in the contracted configuration;

FIG. 5 is a left elevational view thereof in the contracted configuration;

FIG. 6 is a top plan view thereof in the contracted configuration;

FIG. 7 is a bottom plan view thereof in the contracted configuration; and,

FIG. 8 is front elevational view of the article in the contracted configuration in an example of use.

The broken lines illustrate portions of the jewelry article. The broken lines in FIG. 8 showing a necklace and figure represent environmental structure. The broken lines form no part of the claimed design.
