(57) **CLAIM**

The ornamental design for a display screen with graphical user interface as shown and described.

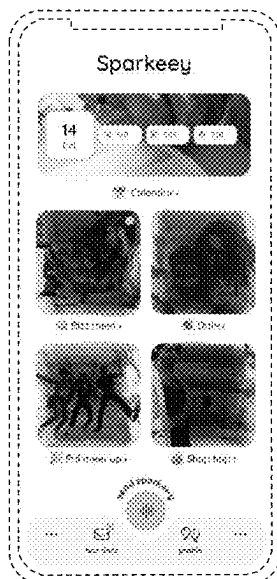

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

The sole FIGURE is a front view of a display screen with graphical user interface showing the claimed design.

The innermost broken-line of generally rectangular shape illustrates the perimeter of a display screen. The subject matter within this perimeter of the display screen illustrates portions of the graphical user interface. The outermost broken-line of generally rectangular shape illustrates the perimeter of an electronic device. The broken lines form no part of the claimed design.
