CLAIM

The ornamental design for a display screen or portion
thereof with graphical user interface, as shown and
described.

DESCRIPTION

The patent or application file contains at least one drawing
executed in color. Copies of this patent or patent application
publication with color drawing(s) will be provided by the
Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen or portion thereof
with graphical user interface showing a first embodiment of
my new design;

FIG. 2 is a front view of a display screen or portion thereof
with graphical user interface showing a second embodiment
of my new design; and,

FIG. 3 is a front view of a display screen or portion thereof
with graphical user interface showing a third embodiment of
my new design.

The outermost broken lines in the figures show a display
screen or portion thereof, and form no part of the claimed
design.
