Description

- (1) The FIGURE is a top view of a first embodiment of a light guide according to the design.
- (2) The broken lines in the drawing show portions of the light guide that form no part of the claimed design. The dotted line shows boundaries of the claimed design and forms no part of the claimed design.
- (3) It is understood that the appearance of any part of the article not shown in the drawing or described in the specification forms no part of the claimed design.

Claims

The ornamental design for a light guide, as shown and described.
