CLAIM

The ornamental design for a display screen panel with graphical user interface as shown and described.

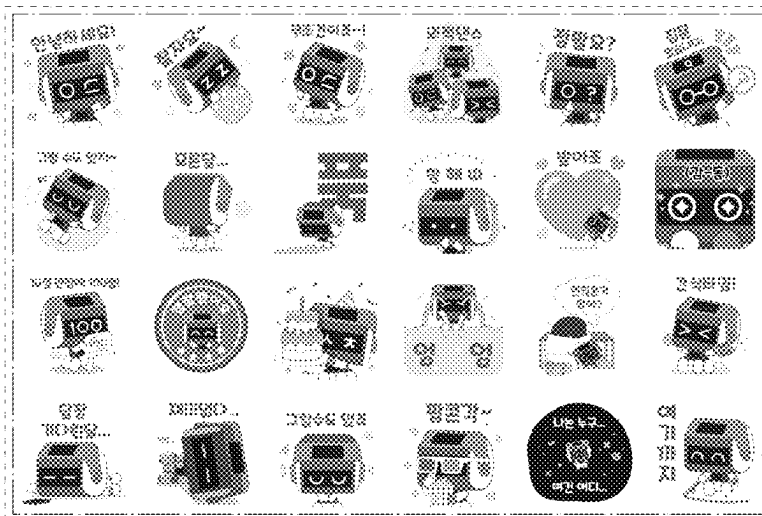

DESCRIPTION

1. Display screen panel with graphical user interface

1.0 : Front

1.0 is a front view of a display screen panel with graphical user interface showing our new design; solid lines represent the portions intended to be registered as a partial design, while elements not depicting the displayed area have been omitted from the drawing; the outer broken lines in the drawing show a display screen or portion thereof, and form no part of the claimed design; the dash-dot lines indicate boundaries between the areas for which registration is intended and those for which it is not.
