(57) **CLAIM**

The ornamental design for a display screen with graphical user interface controller as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a first embodiment of a display screen with graphical user interface controller showing my new design; and, FIG. 2 is a front elevational view of a second embodiment of the display screen with graphical user interface controller. The broken lines showing a display screen illustrate portions of the article that form no part of the claimed design.
