(57) **CLAIM**

The ornamental design for a display screen or portion
thereof with graphical user interface as shown and
described.

DESCRIPTION

The file of this patent contains at least one figure executed
in color. Copies of this patent in color will be provided by
the Office upon request and payment of the necessary fee.
FIG. 1 is a front view of a display screen or portion thereof
with graphical user interface showing the claimed design;
and,
FIG. 2 is another embodiment thereof.

The dashed broken lines in the figures show a display screen
or portion thereof and form no part of the claimed design.
The dot-dash broken lines and the areas within the dot-dash
broken lines in the figures show portions of the graphical
user interface that form no part of the claimed design.

The design of an apple with a bite removed and the word
“Music,” and the red square with rounded corners with a
white design of a two eighth notes at the center, and the
words “Apple Music” forming part of the claimed design,
are registered trademarks of Apple Inc.
