CLAIM

The ornamental design for a hose connector as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the front, top, and right side of a hose connector;

FIG. 2 is a perspective view of the front, top, and left side thereof;

FIG. 3 is a front view thereof;

FIG. 4 is a top view thereof;

FIG. 5 is a bottom view thereof;

FIG. 6 is a right side view thereof;

FIG. 7 is a left side view thereof;

FIG. 8 is a perspective view of the front, top, and right side thereof shown in a state of use connected to the tubular body;

FIG. 9 is a top view thereof shown in the state of use;

FIG. 10 is a cross-sectional view thereof taken along section line 10-10 of FIG. 9; and,

FIG. 11 is an enlarged cross-sectional view of a portion thereof taken along section lines 11-11 of FIG. 10.

A rear view of the hose connector is omitted because the rear view is symmetrical to the front view.

The broken lines in the figures indicate portions of the hose connector that form no part of the claimed design.
