Description

- (1) This application is related to U.S. patent application Ser. No. 16/209,900, entitled “Curved Button Deck Display” and filed on Dec. 4, 2018, to U.S. patent application Ser. No. 29/672,327, entitled “Curved Button Panel Display for an Electronic Gaming Machine” and filed on Dec. 4, 2018, and to U.S. patent application Ser. No. 29/672,329, entitled “Curved Button Panel Display for an Electronic Gaming Machine” and filed on Dec. 4, 2018, all of which are hereby incorporated by reference and for all purposes.
- (2) FIG. 1 is an isometric view of a curved button panel display for an electronic gaming machine, the curved button panel display having a circular button.
- (3) FIG. 2 is a top view of the curved button panel display for an electronic gaming machine of FIG. 1.
- (4) FIG. 3 is a front view of the curved button panel display for an electronic gaming machine of FIG. 1.
- (5) FIG. 4 is a right-side view of the curved button panel display for an electronic gaming machine of FIG. 1.
- (6) FIG. 5 is a left-side view of the curved button panel display for an electronic gaming machine of FIG. 1.
- (7) FIG. 6 is a back view of the curved button panel display for an electronic gaming machine of FIG. 1; and,
- (8) FIG. 7 is a bottom view of the curved button panel display for an electronic gaming machine of FIG. 1.
- (9) A curved button panel display for an electronic gaming machine is shown in FIGS. 1-7. The curved button panel display depicted in FIGS. 1-7 has a circular button. Broken lines, e.g., dashed or dotted lines, are used to depict features or elements that are not considered to be part of the claimed design.
- (10) Applicant reserves the right to change any broken line, or portion thereof, into a solid line to indicate it is claimed subject matter. Applicant also reserves the right to change any solid line, or portion thereof, into a broken line to indicate it is not considered part of the claimed design. Applicant further reserves the right to change any broken line or portion thereof into a different type of broken line, such as a different dash or dot type.

Claims

The ornamental design for a curved button panel display for an electronic gaming machine, as shown and described.
