(57) **CLAIM**

The ornamental design for a handle for a medical device as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an embodiment of a handle for a medical device, showing the new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a rear elevational view thereof; FIG. 4 is a left side elevational view thereof; FIG. 5 is a right side elevational view thereof; FIG. 6 is a top plan view thereof; and FIG. 7 is a bottom plan view thereof. FIG. 8 is a left side perspective view of the handle for a medical device engaged to an example medical device; and, FIG. 9 is a right side perspective view of the handle for a medical device engaged to an example medical device. The broken lines shown in FIGS. 8 and 9 represent portions of the handle for a medical device that form no part of the claimed design. The thin solid generally parallel lines shown in the figures represent contours only and do not illustrate an ornamentation of decoration on the surface of the handle for a medical device.

1 Claim, 6 Drawing Sheets
