The details shown in broken lines illustrate portions of the article that form no part of the claimed design.

The drawings and descriptions herein represent a left side embodiment of an LED lamp for a vehicle, as viewed from the front of the vehicle. Details shown in the drawings define an ornamental design for an LED lamp, which may be embodied in both the left LED lamp and a right LED lamp for a vehicle, relative to the front of the vehicle, without departing from the ornamental design illustrated in the drawings. The ornamental design of the LED lamp herein is therefore inclusive of what is shown in the figures and also the mirror image(s) thereof, whereby the ornamental design covers LED lamps for both the left side and the right side of the vehicle.
