Description

- (1) FIG. 1 is a left, rear perspective view of a mount head and monitor arm including the same showing the design;
- (2) FIG. 2 is another left, rear perspective view of the mount head of the mount head and monitor arm including the same;
- (3) FIG. 3 is a right, front perspective view of the mount head of the mount head and monitor arm including the same;
- (4) FIG. 4 is a front view of the mount head of the mount head and monitor arm including the same;
- (5) FIG. 5 is a rear view of the mount head of the mount head and monitor arm including the same;
- (6) FIG. 6 is a left side view of the mount head of the mount head and monitor arm including the same;
- (7) FIG. 7 is a top view of the mount head of the mount head and monitor arm including the same; and,
- (8) FIG. 8 is a bottom view of the mount head of the mount head and monitor arm including the same.
- (9) The broken lines in FIGS. 1-8 illustrate portions of the mount head and monitor arm including the same that form no part of the claimed design.

Claims

The ornamental design for a mount head and monitor arm including the same as shown and described.
