DESCRIPTION

The design patent application file contains at least one drawing executed in color. Copies of this design patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a top plan view of an embodiment of a sensor device showing the new design;

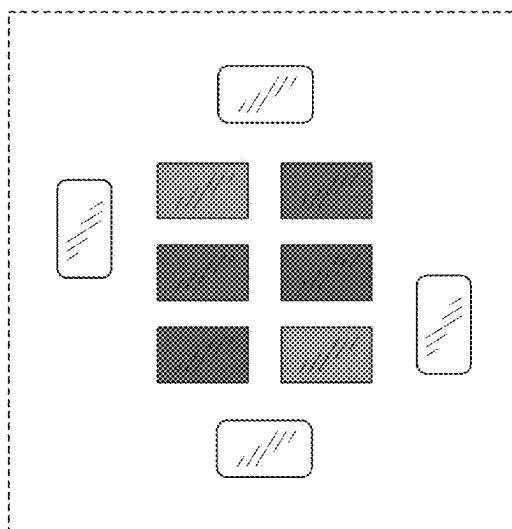

FIG. 2 is a right side view of the design shown in FIG. 1;

FIG. 3 is a left side view of the design shown in FIG. 1; and,

FIG. 4 is a front view of the design shown in FIG. 1, the rear view being a mirror image thereof.

The broken lines shown in the figures are included for the purpose of illustrating portions of the sensor device and form no part of the claimed design.
