(57) **CLAIM**

The ornamental design for a computer display system or portion thereof showing a graphical user interface having a three-dimensional appearance as shown and described.

DESCRIPTION

The sole FIGURE is a computer display system or portion thereof with a graphical user interface having a three-dimensional appearance showing the claimed design. The peripheral broken lines in the FIGURE show the computer display system or portion thereof, and form no part of the claimed design. The remaining dashed broken lines, showing portions of the graphical user interface and the appearance of a three-dimensional virtual environment within the interface, form no part of the claimed design.
