Description

- (1) The sole FIGURE is a computer display system or portion thereof with a graphical user interface having a three-dimensional appearance showing the claimed design.
- (2) The peripheral broken lines in the FIGURE show the computer display system or portion thereof, and form no part of the claimed design.
- (3) The remaining dashed broken lines, showing portions of the graphical user interface and the appearance of a three-dimensional virtual environment within the interface, form no part of the claimed design.

Claims

The ornamental design for a computer display system or portion thereof showing a graphical user interface having a three-dimensional appearance as shown and described.
