(57) **CLAIM**

The ornamental design for a charging station for electric vehicles, as shown and described.

DESCRIPTION

FIG. 1 is a front-right perspective view of a charging station for electric vehicles, showing our new design;
FIG. 2 is a rear-left perspective view thereof;
FIG. 3 is a front elevational view thereof;
FIG. 4 is a rear elevational view thereof;
FIG. 5 is a right side elevational view thereof;
FIG. 6 is a left side elevational view thereof; and
FIG. 7 is a top plan view thereof.

In the drawings, the diagonal shade lines indicate a transparent material, which can encompass varying degrees of partial transparency. The broken lines are for the purpose of illustrating portions of the charging station for electric vehicles that form no part of the claimed design.

1 Claim, 6 Drawing Sheets
