(57) **CLAIM**

The ornamental design for a display screen or portion
thereof with animated graphical user interface as shown and
described.

See application file for complete search history.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof
with animated graphical user interface showing a first image
of the claimed design; and,
FIG. 2 is a second image thereof.

The outermost broken lines in the figures show a display
screen or portion thereof, and form no part of the claimed
design. The other broken lines in the figures show portions
of the animated graphical user interface that form no part of
the claimed design.

The appearance of the animated image sequentially transi-
tions between the images shown in FIGS. 1-2. The process
or period in which one image transitions to another forms no
part of the claimed design.
