(57) **CLAIM**

The ornamental design for a sliding partition panel as shown and described.

DESCRIPTION

FIG. 1 is a front and right perspective view of a sliding partition panel, showing our new design.

FIG. 2 is a front elevation view thereof. A rear elevation view is identical to the front elevation view.

FIG. 3 is a right side elevation view thereof. A left side elevation view is identical to the right side elevation view.

FIG. 4 is a top plan view thereof.

FIG. 5 is a bottom plan view thereof.

FIG. 6 is an enlarged cross section thereof, taken along the line 6-6 in FIG. 2; and,

FIG. 7 is a referential view showing use thereof.

The broken lines shown in the drawings illustrate portions of the sliding partition panel that form no part of the claimed design.
