Description

- (1) FIG. 1 is an upper perspective view of a first component of a cup holder and cell phone holder assembly for armrest showing my new design.
- (2) FIG. 2 is a front elevation view thereof;
- (3) FIG. 3 is a rear elevation view thereof;

- (4) FIG. 4 is a side view thereof;
- (5) FIG. 5 is an opposite side view thereof;
- (6) FIG. 6 is a top plan view thereof; and
- (7) FIG. 7 is a bottom plan view thereof.
- (8) FIG. 8 is an upper perspective view of a second component of a cup holder and cell phone holder assembly for armrest showing my new design.
- (9) FIG. 9 is a front elevation view thereof;
- (10) FIG. 10 is a rear elevation view thereof;
- (11) FIG. 11 is a side view thereof;
- (12) FIG. 12 is an opposite side view thereof;
- (13) FIG. 13 is a top plan view thereof; and
- (14) FIG. 14 is a bottom plan view thereof.
- (15) FIG. 15 is an upper perspective view of the second component of the cup holder and cell phone holder assembly for armrest shown in an environment of use.
- (16) FIG. 16 is an upper perspective view of the first component of the cup holder and cell phone holder assembly for armrest received in the second component, shown in an environment of use.
- (17) FIG. 17 is an upper perspective view of the first component of the cup holder and cell phone holder assembly for armrest received in the second component shown in an environment of use.
- (18) FIG. 18 is a bottom view of the first component of the cup holder and cell phone holder assembly for armrest inverted and received in the second component shown in an environment of use; and,
- (19) FIG. 19 is an upper perspective view of the second component of the cup holder and cell phone holder assembly for armrest shown in an environment of use.
- (20) The broken lines showing a phone, chair and armrest in FIGS. 15-19 illustrate environment and form no part of the claimed design. All other broken lines show portions of the cup holder and cell phone holder assembly for armrest that form no part of the claimed design.

Claims

The ornamental design for a cup holder and cell phone holder assembly for armrest as shown and described.
