(57) **CLAIM**

The ornamental design for a display screen with a graphical user interface as shown and described.

DESCRIPTION

The FIGURE is a front view of an image for a display screen with a graphical user interface showing our new design. The peripheral dash-dot-dash lines illustrate a display screen or portion thereof and form no part of the claimed design. The dash-dot-dash line within the peripheral dash-dot-dash lines illustrates a boundary that forms no part of the claimed design. The dash-dash broken lines within the peripheral dash-dot-dash lines illustrate portions of the display screen with a graphical user interface, which form no part of the claimed design.
