CLAIM

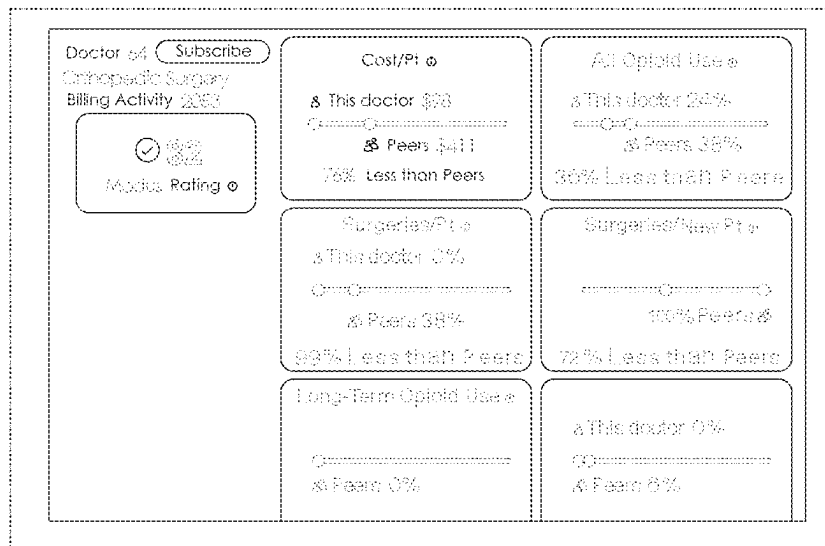

The ornamental design for a display screen or portion thereof with graphical user interface for medical referral, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof for a display screen or portion thereof with graphical user interface for medical referral showing physician metrics.

The broken lines, printed indicia, and “X” shapes in the show portions of the display screen or portion thereof with graphical user interface for medical referral form no part of the claimed design.

1 Claim, 1 Drawing Sheet
