(57) **CLAIM**

The ornamental design for a wireless medical communicator as shown and described.

DESCRIPTION

FIG. 1 is a right/front perspective view of a wireless medical communicator.

FIG. 2 is a left/back perspective view of the wireless medical communicator.

FIG. 3 is a front side view of the wireless medical communicator.

FIG. 4 is a back side view of the wireless medical communicator.

FIG. 5 is a left side view of the wireless medical communicator.

FIG. 6 is a right side view of the wireless medical communicator.

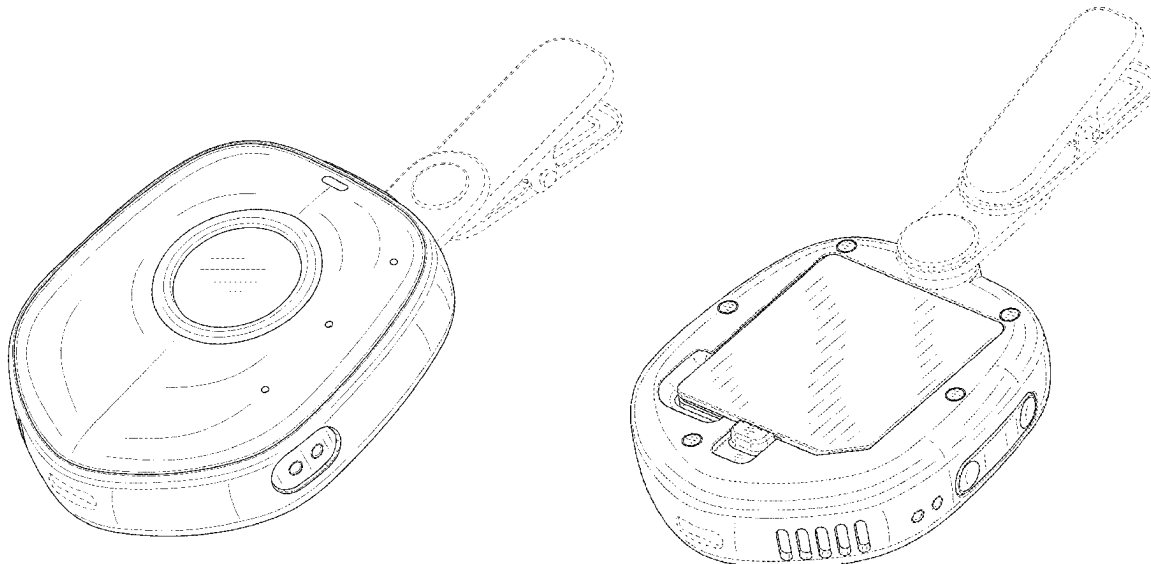

FIG. 7 is a top side view of the wireless medical communicator.

FIG. 8 is a bottom side view of the wireless medical communicator; and,

FIG. 9 is a bottom left side view of the wireless medical communicator.

The broken lines shown in FIGS. 1-9 represent portions of the wireless medical communicator that form no part of the claim.

1 Claim, 9 Drawing Sheets
