Description

- (1) FIG. 1 is the first image in a sequence for a display screen or portion thereof with animated graphical user interface showing my new design; and,
- (2) FIG. 2 is the second image thereof.
- (3) The outermost broken lines in the figures show a display screen or portion thereof, and form no part of the claimed design. The other broken lines in the figures show portions of the animated

graphical user interface that form no part of the claimed design. The appearance of the animated graphical user interface sequentially transitions between the images shown in FIGS. **1-2**. The process or period in which one image transitions to another forms no part of the claimed design.

Claims

The ornamental design for a display screen or portion thereof with animated graphical user interface as shown and described.
