(57) **CLAIM**

The ornamental design for a display panel or portion thereof
with graphical user interface, as shown and described.

DESCRIPTION

This patent or application file contains at least one drawing
executed in color. Copies of this patent or patent application
publication with color drawing(s) will be provided by the
Office upon request and payment of the necessary fee.

The sole FIGURE is a front view of a display panel or
portion thereof with graphical user interface according to
our new design.

The evenly spaced broken line outline of a mobile device in
the sole FIGURE depicts environmental structure of a
display panel or portion thereof and forms no part of the
claimed design. The dot-dash broken lines show the display
panel or portion thereof and the boundary of the claimed
design and form no part of the claimed design. All text is in
dashed lines and depict portions of the graphical user
interface that form no part of the claimed design.
