(57) **CLAIM**

The ornamental design for a winged vehicle, toy, and/or replica model thereof as shown and described.

DESCRIPTION

FIG. 1 is a top front-left perspective view of a winged vehicle, toy, and/or replica model thereof;

FIG. 2 is a top plan view thereof;

FIG. 3 is a left side elevation view thereof, of which the opposite (right) side view is a mirror image;

FIG. 4 is a front elevation view thereof; and,

FIG. 5 is a detail/call-out view of a lower-front structure thereof, shown from a top rear-right perspective.

The dashed lines in FIGS. 1-5 are for the purpose of illustrating portions of the winged vehicle, toy, and/or replica model thereof that form no part of the claimed ornamental design. No claim is made to the bottom view, nor to the rear elevation view, neither of which is shown. The dot-dash broken lines in FIGS. 1 and 5 illustrate the periphery of an enlarged view of the winged vehicle, toy, and/or replica model thereof from FIG. 1 and form no part of the claimed design. The broken-away S-curved-symbolic break lines at the top of the vertical structures in FIG. 5 indicate that the appearance of any portion of the article between those broken-away S-curved-symbolic break lines and the rest of the illustrated article form no part of the claimed design other than to the extent such portion is shown in FIGS. 1-4.
