(57) **CLAIM**

The ornamental design for a modular spacecraft bus system, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the modular spacecraft bus system showing our new design;

FIG. 2 is a front exploded view of the modular spacecraft bus system of FIG. 1;

FIG. 3 is a rear view of the modular spacecraft bus system of FIG. 1;

FIG. 4 is a top view of the modular spacecraft bus system of FIG. 1;

FIG. 5 is a bottom view of the modular spacecraft bus system of FIG. 1;

FIG. 6 is a left view of the modular spacecraft bus system of FIG. 1;

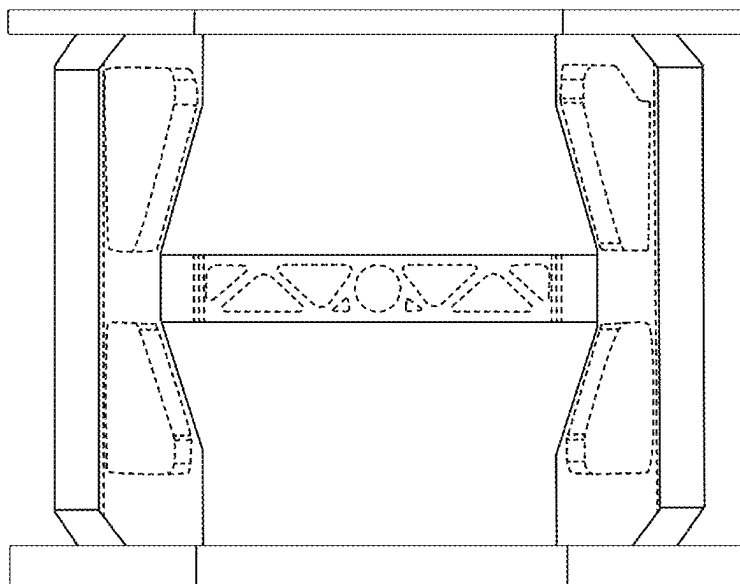

FIG. 7 is a right view of the modular spacecraft bus system of FIG. 1;

FIG. 8 is a top perspective view of the modular spacecraft bus system of FIG. 1; and,

FIG. 9 is a bottom perspective view of the modular spacecraft bus system of FIG. 1.

In FIGS. 1-9, broken lines indicate portions of the modular spacecraft bus system that form no part of the claimed design.

1 Claim, 9 Drawing Sheets
