Description

- (1) FIG. 1 is a front view of a display screen or portion thereof with a gaming machine graphical user interface showing a first embodiment of our new design;
- (2) FIG. 2 is a front view of a display screen or portion thereof with a gaming machine graphical user interface showing a second embodiment of our new design;
- (3) FIG. 3 is a front view of a display screen or portion thereof with a gaming machine graphical user interface showing a third embodiment of our new design; and,
- (4) FIG. 4 is a front view of a display screen or portion thereof with a gaming machine graphical user interface showing a fourth embodiment of our new design.
- (5) The outer dash-dash-long dash line shows a display screen or portion thereof that forms no part of the claimed design. The dashed broken lines show portions of the graphical user interface and form no part of the claimed design.

Claims

The ornamental design for a display screen or portion thereof with a gaming machine graphical user interface, as shown and described.
